

# MI-320 Infrared Thermometer

MI-320

## Non-Contact Infrared Thermometer MI-320

- The most useful IR meter for surface temp. measuring.
- Measuring range: Human body mode 32°C~42.9°C  
Object mode 0°C~100°C
- Easy, quick and hygienic solution for temperature check.
- Fast response time: 500ms.
- High accuracy +/-0.2°C and good resolution 0.1°C
- Temperature unit: Celsius, Fahrenheit
- Display: three-color backlight
- Hold and Memory functions

Designed for checking  
Body/ Adult and Objects

MAX

Low Battery

Auto Power Off

Green backlight  
(32-37.3°C)  
normal

Yellow backlight  
(37.3- 38°C)  
low fever

Red backlight  
(>38°C)  
high fever

Model	MI-320
Temp' range	32°C~42.9°C / 0°C~100°C
Temp' resolution	0.1°C / °F
Temp' accuracy	+/-0.2°C
Effective distance	1~15CM
LDC display	Backlight / 3 colors
Memory stores	up to 32 readings
Working conditions	10~40°C / Rh<=80%
Storage Condition	-25~55°C / Rh<=90%
Auto power off function	10 seconds
Dimension	75x35x150mm
Net weight	200g
Battery	2xAA battery
Standard Package	1 set thermometer (battery included)
